

Rigid Strap Two Hole Type

Steel

ELECMAN® steel Rigid two-hole strap is a heavy-duty fastener specifically designed to secure Rigid Metal Conduit (RMC) in demanding industrial or commercial environments. It features two mounting holes for enhanced stability and load distribution, making it ideal for applications requiring extra strength or compliance with strict electrical codes.

Type:

Two hole

Material:

Steel

Surface Finish:

Zinc plated

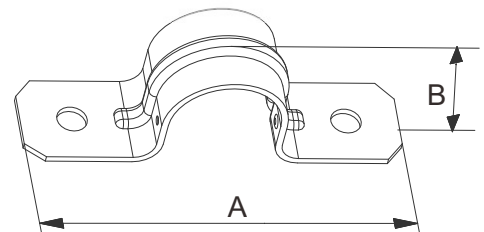

Certification & Standard

Manufactured to Underwriters Laboratory
Safety Standards UL 514B
UL File No.: E541187

Dimensions:

The dimensions of steel Rigid two-hole straps are as indicated in Table 1.

Tabel 1 - Dimensions of steel rigid two-hole straps

Catalog Number	Trade Size		Thickness	Dim A		Dim B
	in.	mm		in.	in.	
RST050	1/2"	16	0.80	2.43	0.63
